Phone Charging Kiosk Sponsorship

PHONE CHARGING KIOSK - OVERVIEW

Phone charging. Up to 6 phones (Android, IOS, and Windows) can be charged simultaneously in safe and secure lockers. Users enter their details into the interactive touchscreen to secure and retrieve their phone from the locker. For the User, charging is free.

Guest information board. The touch screen acts as an interface to run important messages and promotions, such as daily activities, event notifications, transport timetable, hotel facilities and attractions. It allows full animation for images and video on set rotations with specific time-of-day targeting and live feed information. A powerful interface for engaging guests and other visitors. Content can be run in any language:

- Free and Secure phone charging
- 21” interactive touchscreen. A media interface to run important and useful messages and promotions to a captive audience.
- Multilingual. Usage instructions are available from a dropdown menu in Mandarin, Japanese, Korean, Russian, Spanish and Indonesian.
- Photo booth. The inbuilt webcam turns the KLACKit into a fun photo booth for Users to take “Selfies” at any location where the kiosk is installed.
- Social Media integration. Photos taken by the Kiosk can be uploaded immediately to event social page
